

The kick-off meeting of THEBARCODE

The kick-off meeting of THEBARCODE was held at Chalkida town, Greece, on 14 through 15 January 2013. The meeting was well and actively attended by the consortium.

During the meeting there were

- Presentation of the “Objectives and Impact of Collaborative medium-scale focused research” on “Advanced materials for high-temperature power generation” NMP.2012.2.2-3 by the EC officer.
- General presentation of THEBARCODE project and the project objective by the project leader
- Partners presentation and project involvement presentations.

The agenda also included issues regarding the exploitation and dissemination of project results.

The second day all partners discussed and agreed on the details of the work that will be conducted. Moreover the consortium discussed on the FP7 Reporting requirements, clarified issues regarding the Consortium Agreements, IPR Issues.
